Automotive Chemicals - Car Care - Appearance

Version: **CC11/002**

Valvoline™ Proshine Wax

Proshine Wax is a high quality product, composed of water and natural waxes. The product cleans and protects car paint for a long duration and gives a super shine finish.
Proshine Wax works great on car paint as well as other similar surfaces. The product is easy to use and leaves a beautiful shine after drying.

Applications

Proshine Wax works great on all surfaces - including paint, chrome, glass, plastic and fiberglass. Makes your car paint bright and shiny again. Suitable for cars, motorcycles. bicycles and other painted surfaces.

Easy to use:
Shake can before use. Spray from 30 cm very thinly on the parts to be treated. These parts have to be dry and clean. Allow to dry then polish with a dry cloth until a protective layer and super shine finish has been reached.

ATTENTION! Do not spray on a hot car. Product is flammable. Never spray the product on a hot engine or any other hot object. Keep away from flares and flames.

Features & Benefits

High gloss shine in one easy application
High-quality waxes deliver high-gloss shine. Easy to apply and remove. Ideal for cars, trucks and motorcycles.

Easy to use
Proshine Wax is easy to use, ready to use and less time consuming.

Instant cleaning and lasting protection
Powerful formula easily removes stubborn residues. Bird droppings are easier to remove if Proshine Wax is present on cars paintwork. After cleaning, the durable formula gives lasting protection.
